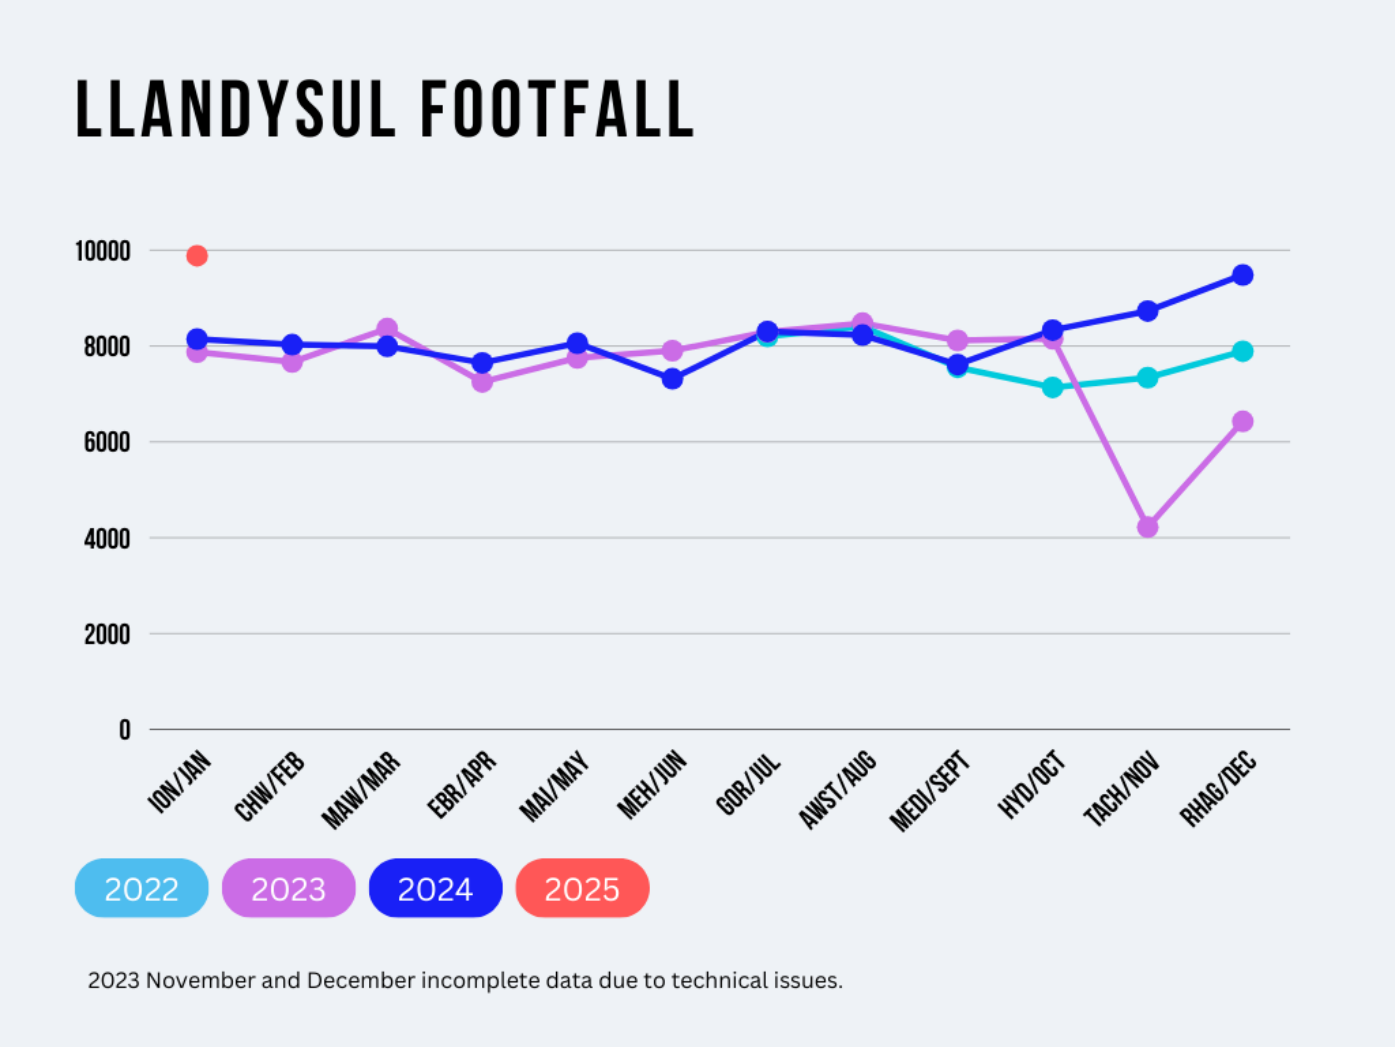
Adroddiad Misol Wi-Fi tref Llandysul Ionawr 2025
Monthly Llandysul Town Wi-Fi Report – January 2025



Notes

1. January began quietly and the weather was very wintry with icy conditions.
2. However, the later half of the month shows and increase in footfall, which seemed to hold from the 22nd onwards.
3. Please remember that two new devices were introduced in November 2024, which is why there is a big increase in figures.
4. Not every device can be detected, so the amount counted is not exact and there are not enough access points to cover the town. However, the data collected might spot any trends over time or identify areas of the town that are particularly popular with visitors.
