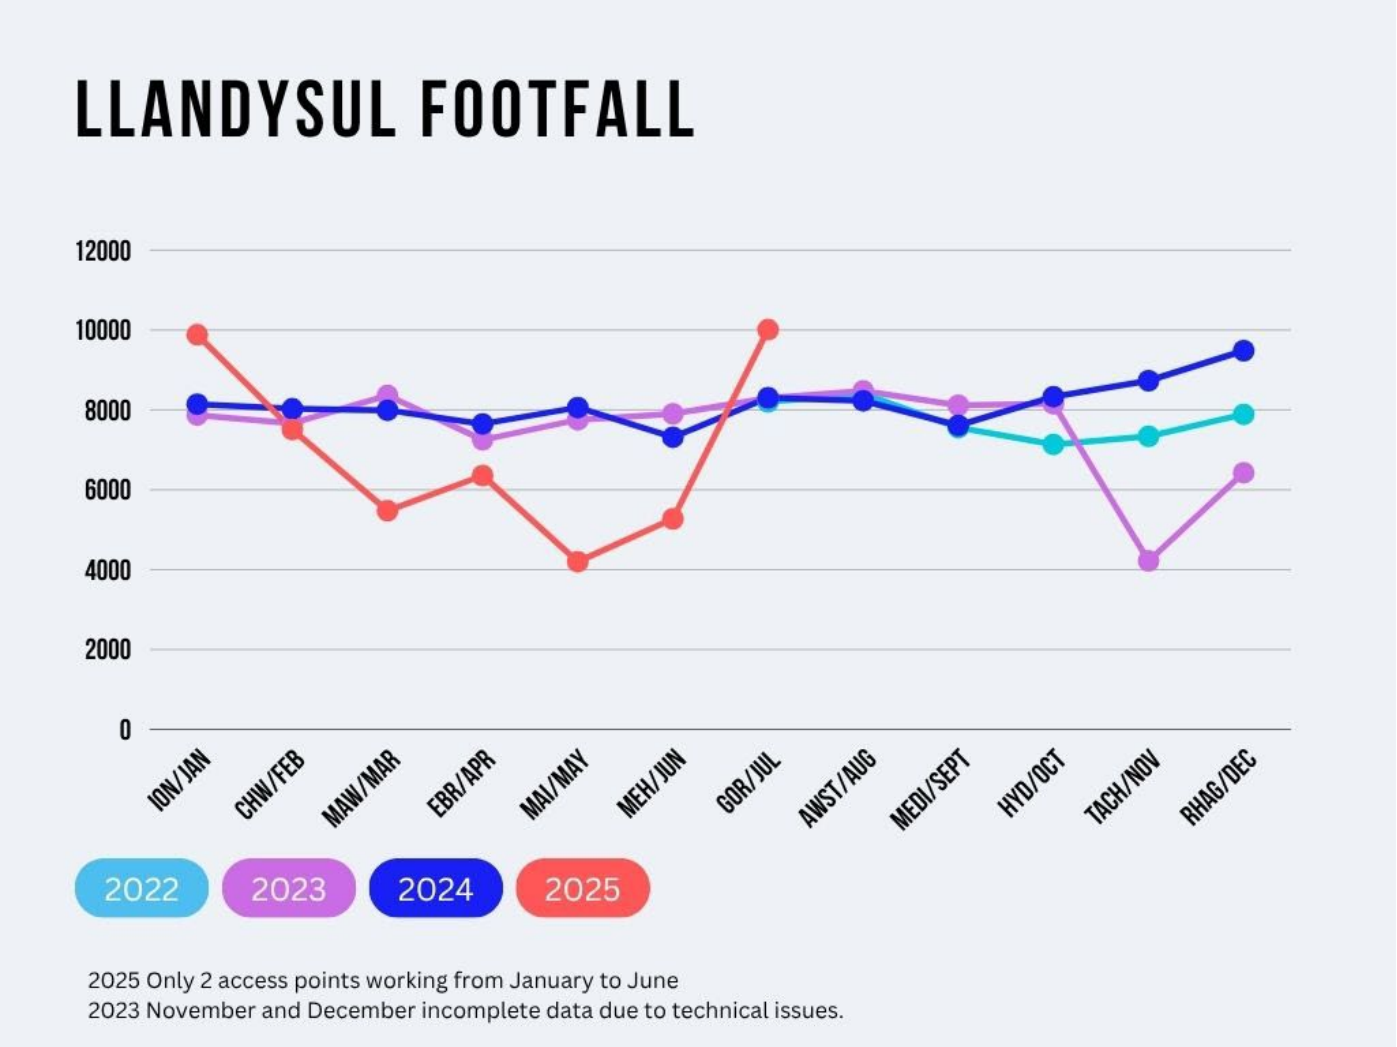
Monthly Llandysul Town Wi-Fi Report – July 2025



Notes

1. At the end of January, the business which hosted 2 units closed. This also affected the unit at Tysul Hall as it fed off one of those units. The units at Teifi Law and at Allied Chemists also failed. Which meant only the units at the Llandysul Paddlers and the Pavillion were providing reliable data.
2. 25th June: Meraki units were set up at Siop Ffab and Siop y Jones. It was found that the router at Allied Chemist had disappear and likely removed by their IT engineer. Awaiting resolution in this matter. Teifi Law reconnected.
3. 14th July: Unit at Neuadd Tysul installed.
4. Please remember that two new devices were introduced in November 2024, which is why there is a big increase in figures.
5. Not every device can be detected, so the amount counted is not exact and there are not enough access points to cover the town. However, the data collected might spot any trends over time or identify areas of the town that are particularly popular with visitors.
