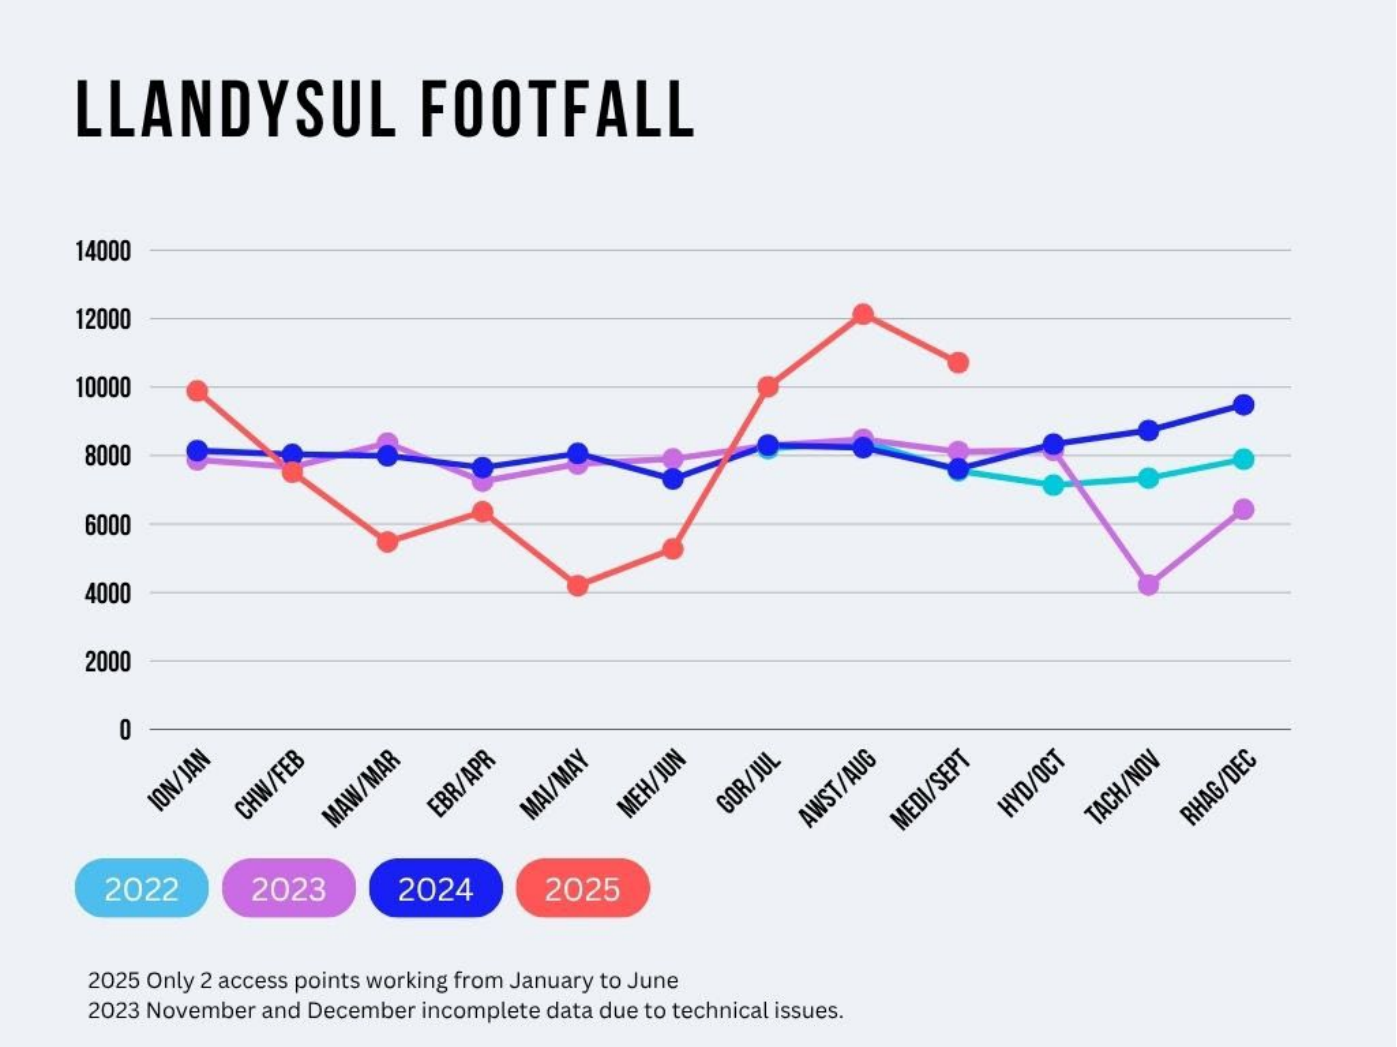
Adroddiad Misol Wi-Fi tref Llandysul Medi 2025
Monthly Llandysul Town Wi-Fi Report –September 2025



Notes

1. There is a steep decline in footfall this month.
2. All units except for Allied Chemist working.
3. Issues with past data. (1) Two new devices were introduced in November 2024, which is why there is a big increase in figures. (2) Only 2 units were working from February – June 2025.
4. Not every device can be detected, so the amount counted is not exact and there are not enough access points to cover the town. However, the data collected might spot any trends over time or identify areas of the town that are particularly popular with visitors.
